

## Health & Safety Policy

**ASAnastasiadis, ASA**, is highly conscious of the health and safety policies as stipulated by its ethical responsibility towards the society and as an active member of the engineering community. Moreover, the management recognizes its responsibility for establishing and maintaining safe working environment and obviating recognized health and safety hazards.

To achieve these commitments we shall:

- ❖ *Comply with health and safety industry recommendations, national and international regulations, as stipulated by the statutory obligations, and in accordance to them our case-by-case in-house developed practices as a function of the performed work.*
- ❖ *Provide adequate control of the health and safety risks arising from our work activities.*
- ❖ *Consult and communicate with employees and stakeholders on matters affecting their health and safety.*
- ❖ *Provide and maintain safe plant and equipment.*
- ❖ *Ensure safe handling and use of substances.*
- ❖ *Provide information, instruction and supervision to stakeholders.*
- ❖ *Ensure all employees, affiliates, strategic alliances are competent enough to carry out their tasks and provide them with adequate training.*
- ❖ *Prevent accidents and work related to ill-health.*
- ❖ *Maintain healthy and safe working conditions.*

Review and revise this policy as necessary at regular intervals.

The Mangers' governance, monitoring and commitment to the clients, society and engineering community safeguard the whole process of the health and safety policy.
